

## BioMedix's TRAKnet Practice Management Software Receives (CCHIT®) ONC-ATCB 2011/2012 Certification

PRNewswire

Press Release Source: BioMedix On Friday October 22, 2010, 5:00 pm EDT

ST. PAUL, Minn., Oct. 22 /PRNewswire/ -- BioMedix announced today that TRAKnet Practice Management Software 2.0 is 2011/2012 compliant and was certified as an EHR Module on October 21, 2010 by the Certification Commission for Health Information Technology (CCHIT®), an ONC-ATCB, in accordance with the applicable Eligible Provider certification criteria adopted by the Secretary of Health and Human Services. The 2011/2012 criteria support the Stage 1 meaningful use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

John Romans, BioMedix President and CEO stated, "This achievement represents a milestone that we are particularly proud of. We believe this certification validates that we are the leading EHR company in our space and serves as another example of our commitment and dedication to delivering world class products and services to the podiatric physician community."

The ONC-ATCB 2011/2012 certification program tests and certifies that Complete EHRs meet all of the 2011/2012 criteria and EHR Modules meet one or more – but not all – of the criteria approved by the Secretary of Health and Human Services (HHS) for either eligible provider or hospital technology. Companies offering ONC-ATCB 2011/2012 certified EHR modules may return to test additional criteria and certify their products as Complete EHRs later. Companies certifying products early in the ONC-ATCB certification process must quickly adapt their products to meet the evolving nature of the NIST test procedures, particularly for electronic prescribing. ONC-ATCB product certification updates will be available at <http://www.cchit.org> as they occur.

"CCHIT is pleased to be testing and certifying products so that companies are now able to offer these products to providers who wish to purchase and implement certified EHR technology and achieve meaningful use in time for the 2011-2012 incentives," said Karen M. Bell, M.D., M.S.S., Chair, CCHIT.

TRAKnet Practice Management Software 2.0's certification number is CC-1112-101360-1. ONC-ATCB 2011/2012 certification conferred by CCHIT does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.

TRAKnet Practice Management Software 2.0 meets the following certification criteria: 170.302(a) Drug-Drug/Drug-Allergy Checks; 170.302(b) Drug-Formulary Checks; 170.302(c) Problem List; 170.302(d) Medication List; 170.302(e) Allergy List; 170.302(f)(1) Vital Signs; 170.302(f)(2) Body Mass Index; 170.302(f)(3) Growth Charts; 170.302(g) Smoking Status; 170.302(h) Incorporate Lab Results; 170.302(i) Patient Lists; 170.302(j) Medication Reconciliation; 170.302(k) Immunization Registries; 170.302(l) Public Health Surveillance; 170.302(m) Education Resources; 170.302(n) Automate Measure Calculation; 170.302(o) Access Control; 170.302(p) Emergency Access; 170.302(q) Automatic Log-Off; 170.302(r) Audit Log; 170.302(s) Integrity; 170.302(t) Authentication; 170.302(u) General Encryption; 170.302(v) Encryption when Exchanging Electronic Health Information; 170.304(a) Computerized Physician Order Entry; 170.304(c) Record Demographics; 170.304(d) Patient Reminders; 170.304(e) Clinical Decision Support; 170.304(f) Electronic Copy of Health Information; 170.304(g) Timely Access; 170.304(h) Clinical Summaries; 170.304(i) Exchange Clinical Information and Patient Summary Record; 170.304(j) Calculate and Submit Clinical Quality Measures

The clinical quality measures to which TRAKnet Practice Management Software has been certified include: NQF 0013 Hypertension: Blood Pressure Measurement; NQF 0024 Weight Assessment and Counseling; NQF 0028 Tobacco Use Assessment and Cessation; NQF 0038 Childhood Immunization Status; NQF 0041 Influenza Immunization; NQF 0056 Diabetes: Foot Exam; NQF 0059 Diabetes: Hemoglobin A1c Poor Control; NQF 0061 Diabetes: BP Management; NQF 0421 Adult Weight Screening & Follow-Up

### About BioMedix

BioMedix provides the only integrated suite of hardware, software and online services designed to cost-effectively detect Peripheral Arterial Disease (P.A.D.) and Chronic Venous Insufficiency (CVI). Vascular specialists, primary care providers, hospitals and health systems use our products to identify these patients. Our devices and Health Information Technology (HIT) software reduce mistakes, provide data for sound analysis, build practice revenue and streamline reimbursement while providing a platform that supports the continuum of care and increased quality outcomes. For more information about BioMedix products, call 877-854-0014 or log on to [www.BioMedix.com](http://www.BioMedix.com).

### About CCHIT

The Certification Commission for Health Information Technology (CCHIT®) is an independent, 501(c)3 nonprofit organization with the public mission of accelerating the adoption of robust, interoperable health information technology. The Commission has been certifying electronic health record technology since 2006 and is approved by the Office of the National Coordinator for Health Information Technology (ONC) of the U.S. Department of Health and Human Services (HHS) as an Authorized Testing and Certification Body (ONC-ATCB). More information on CCHIT, CCHIT Certified® products and ONC-ATCB certified electronic health record technology is available at <http://cchit.org>.

### About ONC-ATCB 2011/2012 certification

The ONC-ATCB 2011/2012 certification program tests and certifies that EHR technology is capable of meeting the 2011/2012 criteria approved by the Secretary of Health and Human Services (HHS). The certifications include Complete EHRs, which meet all of the 2011/2012 criteria for either eligible provider or hospital technology and EHR Modules, which meet one or more – but not all – of the criteria. ONC-ATCB certification aligns with Health Information Technology: Initial Set of Standards, Implementation Specifications, and Certification Criteria for Electronic Health Record Technology published in the Federal Register in July 2010 and strictly adheres to the test procedures published by the National Institute of Standards and Technology (NIST) at the time of testing. ONC-ATCB 2011/2012 certification conferred by the Certification Commission for Health Information Technology (CCHIT®) does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.

"CCHIT®" and "CCHIT Certified®" are registered trademarks of the Certification Commission for Health Information Technology.
